

## Canature Adds New Regional Sales Managers

**February 6<sup>th</sup>, 2012** – Canature USA Inc. is pleased to announce the addition of **Jeff Hubbard** and **Michael McKell** to the Canature USA Sales Team. As Regional Sales Managers, Jeff and Michael will provide hands-on expertise and field support to Canature's growing water dealer customer base within their respective territories.

**Jeff Hubbard** will serve as the new Regional Sales Manager for Illinois and Indiana. With 22 years industry experience, Jeff has worked for some of the largest water conditioning manufacturers in the United States. His exceptional knowledge base will allow him to provide his customers with professional support including training, testing, product application and system design for residential to small municipal systems. Jeff is based out of his home office in Appleton WI. Jeff can be reached at (612) 232-7756.

**Michael McKell** will serve as the new Regional Sales Manager for Washington, Oregon and California. With over 12 years industry sales experience, Michael has a strong background in residential, commercial and small municipal water treatment systems as well as an in-depth understanding of his regions water needs. Michael is based out of his home office in Port Townsend, WA. Michael can be reached directly at (360) 390-8554.
